

2018-19 TRENDS

This fact book contains trend data that are frequently requested from the Director of Institutional Research and/or reported externally to state, federal, and accrediting agencies. The fact book is intended as a general source of information about Morehouse School of Medicine. This document includes the most current information available for either an academic or fiscal year, as well as historical information.

If you are looking for any other institutional data, please contact the Office of Strategy and Institutional Effectiveness using the information provided below.

About Morehouse School of Medicine

Founded in 1975, Morehouse School of Medicine (MSM) is among the nation's leading educators of primary care physicians and was recognized by Annals of Internal Medicine in 2011 as the top institution in the first study of U.S. medical schools for our social mission based on our production of primary care physicians, training of underrepresented minority doctors and placement of doctors practicing in underserved communities. Our faculty and alumni are noted for excellence in teaching, research and public policy, as well as exceptional patient care.

Morehouse School of Medicine is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award doctoral and master's degrees. For more information, please visit <u>www.msm.edu</u>.

Mission

We exist to:

- Improve the health and well-being of individuals and communities
- Increase the diversity of the health professional and scientific workforce
- Address primary health care through programs in education, research, and service

With emphasis on people of color and the underserved urban and rural populations in Georgia, the nation, and the world.

Vision

The vision of MSM is "Leading the creation and advancement of health equity" through the following vision imperatives:

- Translating discovery into health equity
- Building bridges between health and healthcare
- Preparing future health learners and leaders

Core Values

Excellence: Achieving the highest level of performance in all endeavors.

Service: Treating all people and communities with respect, compassion and empathy.

Knowledge: Sharing our ideas, discoveries, methods and skills to advance health equity.

Wisdom: Valuing the knowledge and experience of all individuals.

Integrity: Upholding the highest standards of ethical behavior, transparency and accountability.

Innovation: Creating inspired solutions in science, service, and education.

Executive Leadership Team

Gregory Antoine, M.D. Senior Associate Dean and Chief Medical Officer Clinical Affairs

John Case, Ed.D. Senior Vice President for Operations and Chief Financial Officer

Daniel Dawes, J.D. *Executive Director* Government Relations, Policy and External Affairs

Martha Elks, M.D., Ph.D. Senior Associate Dean Educational Affairs

Bennie Harris, Ph.D. Senior Vice President Institutional Advancement

IPEDS¹ General Information

Name:	Morehouse School of Medicine
Address:	720 Westview Dr. SW, Atlanta, Georgia 30310-1495
General information phone:	(404) 752-1500
Website:	www.msm.edu
Awards offered:	Master's degree
	Doctor's degree - research/scholarship
	Doctor's degree - professional practice
Campus setting:	City: Large
Туре:	4-year, Private not-for-profit

¹ Integrated Post-secondary Education Data System collected by the National Center for Education Statistics (NCES). This is the primary federal entity for collecting and analyzing data related to education in the U.S. and other nations. NCES is located within the U.S. Department of Education and the Institute of Education Sciences. NCES fulfills a Congressional mandate to collect, collate, analyze, and report complete statistics on the condition of American education; conduct and publish reports; and review and report on education activities internationally.

Enrollment Characteristics

Program Counts

List of students registered as of October 15th of each fall term. Total counts are unduplicated, that is, the total number of students within each program represents the actual headcount even though there are students enrolled in more than one program (e.g. MSCR and PhD).

	Fall 2015	Fall 2016	Fall 2017	Fall 2018	Fall 2019

MS in Biomedical Technology				1	1
Total Count	452	473	514	540	611

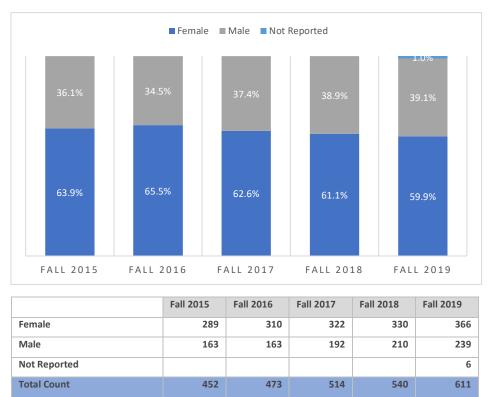

Full-time and Part-Time Status (with FTE)

Data on time status (full time – FT; part time – PT) were not captured consistently prior to 2014 fall term. The number of full-time equivalency (FTE) students is calculated based on fall student headcounts as reported on the IPEDS Enrollment component. The FTE (headcount) of the part-time enrollment is estimated by multiplying 0.382059 times the part-time headcount; that is then added to the full-time enrollment headcounts to obtain an FTE for all enrolled students. This formula is used to produce an FTE that is used annually in the federal government publication, Digest of Education Statistics.

Sex Distribution

Sex is a student self-reported characteristic. Stacked bar graph shows proportion of students constituting the self-reported sex category.

Race and Ethnic Background

Race-ethnic background is a student self-reported characteristic. Only those race/ethnicity categories with registered students within the listed time frame are shown. Percentages show proportion of students within the self-reported race/ethnicity category.

² Unduplicated headcount is the actual number of individual students enrolled. Students may be enrolled in one or more programs, but they are counted only once.

Program Enrollment by Sex and by Race/Ethnicity

Only programs with registered students during the listed semesters are shown. Also, only those race/ethnicity categories with registered students within the listed time frame are shown. Sex and race/ethnicity are student self-reported characteristics.

Program Persistence and Graduation by Admit Year

Initial fall semester census counts show program cohort size and subsequent semesters show the Persistence and Graduation Rate of the cohort.

Note: Persistence rate is measured by the percentage of students who started study at MSM and returned to MSM in the same program in the sequent academic years. For some of the programs such as MSMS, MSBR and MSCR, a significant number of students transfer to MD or Ph.D. program before they graduate from the original programs. These students were not taken out when calculate persistence and graduation rate.

NOTE: Full-time-equivalent (FTE) staff is calculated by summing the total number of full-time staff and adding one-third	of the total num	ber of part-time	staff.

NOTE: Full-time-equivalent (FTE) staff is calculated by summing the total number of full-time staff and adding one-third of the total number of part-1 Graduate assistants are not included in the above figures. Many of the FTE figures may be included in the DFR.

Finance: Grants, Contracts, and Gifts (Based on IPEDS Financial Reports FY2016, FY2017, FY2018)

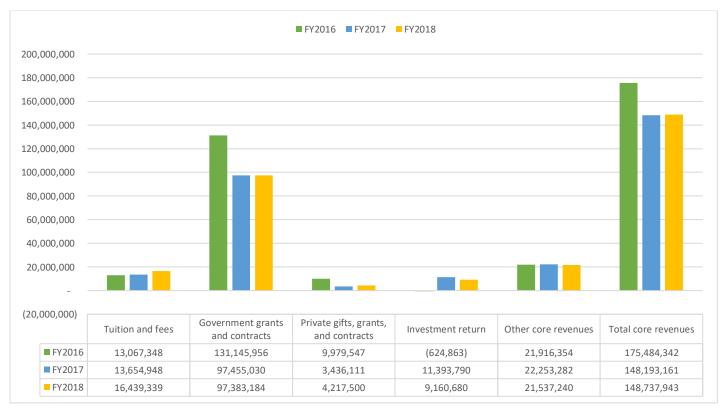

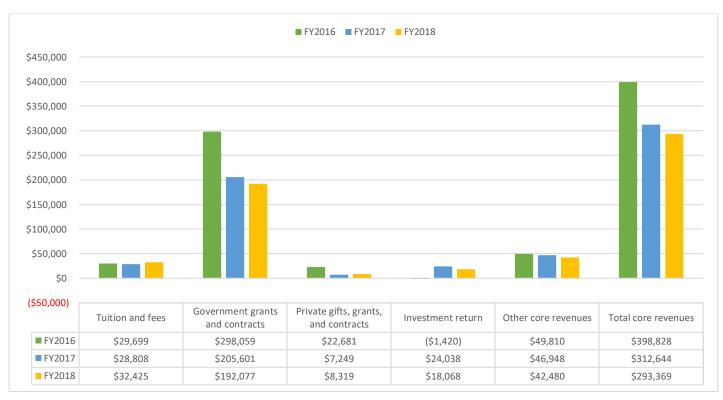

Total Revenues and Total Expenses Per FTE Enrollment

Core Revenues

Note: Other core revenues include government appropriations (federal, state, and local), sales and services of educational activities; and other sources. Core revenues exclude revenues from auxiliary enterprises (e.g., bookstores, dormitories), hospitals, and independent operations. For institutions reporting in Full parent/child relationships, core revenues per FTE enrollment amounts will not be allocated to child institutions.

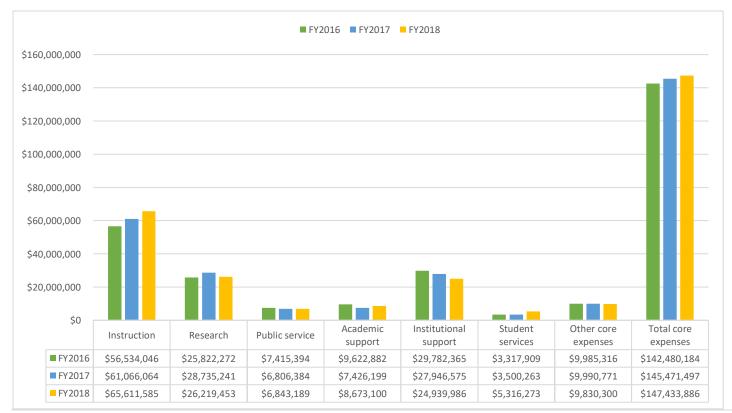

Core Revenues Per FTE Enrollment

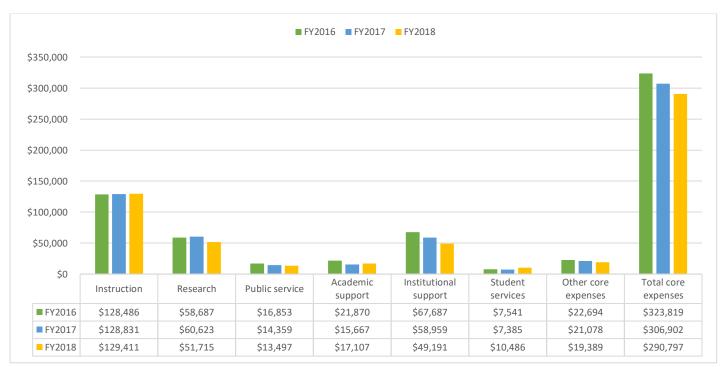

Core Expenses

Note: Other core expenses include net grant aid to students, net of discounts and allowances, and other expenses. Core expenses exclude expenses from auxiliary enterprises (e.g., bookstores, dormitories), hospitals, and independent operations.

Core Expenses Per FTE Enrollment
